

— Quality Dental Care —

We are delighted you are a part of our practice and look forward to helping you with your dental needs for many years to come. We feel that every patient in our practice deserves to have a smile they can be proud of.

We are excited to offer our patients a unique program we call 'Whitening for Life'.™

# WHITENING!™

*FOR LIFE*

When you come to our office for your examination and cleaning, we will provide you with custom bleaching trays and materials for a one time enrollment fee of \$99\* (This is a savings of more than \$300) Then, at each six month preventative exam visit, just follow the requirements and we will give you a complimentary touch up tube of bleaching gel. This ensures that you will be able to keep your teeth bright and beautiful for life!

All we require in return is:

\_\_\_\_\_ **You must keep your preventative visits current\*\*.** Your long term dental health is as important to us as it is to you. Our patients have found that these regular check-ups help greatly reduce emergencies and catch problems while they are small. That is why we are happy to provide this extra bonus for our patients who are committed to their dental health.

\_\_\_\_\_ **Provide at least 48 hours notice\*\*** if you need to change ANY appointment scheduled in our office. In order to provide exceptional services like Whitening for Life™ to all of our patients, we ask that you give us the courtesy of an advanced notice for schedule changes.

We appreciate the opportunity to serve you and look forward to seeing your bright smile for many years to come!

I understand and agree to the Whitening for Life™ program requirements and would like to enroll.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

\*No credit or discounts apply.

\*\*Your Whitening for Life™ membership is valid as long as Dr retains his private practice in Dentistry and the above conditions are met. All preventative visits must be completed within 3 weeks from your due date at the intervals recommended by your hygienist. One touch up tube will be given every 6 months with Dr's exam. Crowns and fillings will not change color and may require replacement. There are **no exceptions** made to these requirements.
